1. WELCOME AND INTRODUCTION

Welcome

We are glad to welcome you to our event Rally Chile BIOBÍO 2025. The biggest motorsport event in Chile will take place from September 11th to 14th of September.

In 2023-2024, we have been hosting the World Rally Championship in the south of our country, specifically in Biobio region, an ideal location that has accompanied us over the years thanks to its natural beauty and perfectly maintained roads. This year for the fourth time, we have the honour to welcome again the WRC event, its competitors, and the true rally fans. COPEC RallyMobil National Championship has created a reputation throughout the whole world because of its amazing gravel stages and great atmosphere.

Thanks to the support of the Regional Government of BIOBÍO, local authorities, the 3 provinces and their 33 municipalities, our sponsors, official teams and brands associated, we are very proud to deliver this event and allow all rally fans a unique opportunity to enjoy a fantastic competitive weekend with the huge support of the Chilean police department who are the key to make sure that each stage will be safe for all those participating and spectating.

Locations

Rally HQ, Media Centre and Service Park will be in the MDS Hotel Concepción, Talcahuano. The Service Park will be located on the same location as 2024 (parking area and surroundings) and it will be the only Service Park used during the rally.

Route

The route consists mostly of twisty gravel stages, challenging both cars and crews. The total distance of the rally is about 1.193,02 km. with sixteen special stages in total. It will cover about 307,48 km, which brings the rally to more than 25,77% special stage coverage.

The rally starts with Shakedown on Thursday morning, meanwhile, the special stages run from Friday morning to Sunday within a 120-kilometre radius around Concepción. The special stage BIOBÍO would be welcoming the Wolf Power Stage.

There will be 6 special stages on Friday and Saturday. They will be made up of three unique special stages that will be repeated later on each day. On Sunday the rally will finish with another 4 stages – 2 stages that will be driven twice. The Podium Ceremony will be held at the Stop of the Wolf Power Stage.

In this Rally Guide 1, you will find the necessary information to prepare your participation for the event. Should you require any further information, please do not hesitate to contact us. Our organization team is committed to ensure your participation is as seamless and straightforward as possible.

Rally Chile BIOBÍO
Organization Team

THIS DOCUMENT HAS NO REGULATORY POWER - FOR INFORMATION ONLY.

1.1. Environmental Policy:

During 2023 Rally Chile BIOBÍO achieved three stars -Achievement of Excellence-, the highest level in the FIA's environmental accreditation framework, highlighting areas such as the wildlife protection and commitment to the measurement of carbon footprint, the greenhouse gases neutralization and the environmental impact management of direct rally operations.

This recognition forces us to look after the protection of nature with high standards in innovation of environmental care.

Our competition routes are known for their abundant forests, rivers, wetlands and natural wildlife hotspots, in which Rally Chile BIOBÍO has committed to be protagonist in its protection. These guidelines are represented through the environmental policy of the Rally Chile BIOBÍO.

Rally Chile BIOBÍO's goal is to continue to make the event more sustainable. Each of the internal and external operations seeks to maintain objectives, measurements and records to minimize potential impacts on the environment. This process is in permanent development and has a scope not only in the stages, service park and event activities, but also considers suppliers, society and stakeholders in general.

Specific goals of the organization are:

- Developing a strengthened Sustainability and Environment Protocol that allows recording, measuring and improving potential impacts.
- Constituting a high-level environmental governance within the organization of the event.
- Determination of each stage based on a "multilayer criteria" - Multilayer Assessment of Career Determination (M.A.C.D.) where the initial Stages proposal from the Clerk of The Course is subjected to an exhaustive evaluation for the Conservation of Nature, considering national laws, international agreements such as WETLAND RAMSAR SITES by UNESCO and interested parties (NGO's) among others.
- Register and provide detailed information to aircrafts, of all natural ecosystems identified in the assessment and apply a strict prohibition of their overflight at less than 500 feet of altitude so as not to significantly disturb different competing Ecological Points of Interest (E.P.I.) or areas of High Conservation Value Areas (HCVA) .
- Apply measures to protect and reduce impacts on native vegetation and fauna.
- Educate and communicate as many people as possible both within the organization and externally of our environmental policy, through activities that bring nature closer to the community.
- Comply with environmental laws and regulations of Chile, and other environmental requirements as well as the FIA Institute Environmental Certification Framework.
- Considering environmental work and impact when we choose partners and suppliers, and strive to choose products and services with proven and good environmental performance.
- Seeking to limit our transports' environmental impact as much as possible and minimizing the amount of fuel used by officials working on the event.
- Saving energy and using renewable energy sources where possible, minimizing waste, recycling waste and energy. .
- Reduce the number of printed materials, using only - if it's possible- digital sources or preferring papers from Sustainable Forest Management and Controlled Sources under seals such as PEFC and FSC.
- Complete identification neutralization of Greenhouse Gases through:
 - Measurement of the Carbon Footprint in Scopes 1, 2 and 3 using high performance protocols such as the GHG Protocol of the World Resource Institute - WRI
 - Verification reviewed by an independent third party (Deloitte)

- Neutralization of the entire Carbon Footprint through Certified Emission Reduction (Carbon Credits) registered in the Clean Development Mechanism - CDM of the United Nations Framework on Climate Change and communicating the event's environmental efforts through activities with selected WRC crews in order to promote the competition's high commitment to caring for the environment.

2. CONTACT DETAILS

2.1. Permanent Contact Details

Permanent contact details of the organiser of the Rally Chile BIOBÍO are:

Organiser: Horta Producciones

Sunday	14 September	07.00 - 18.00

4. ENTRY DETAILS

4.1. FIA Titles for which the Rally counts

FIA World Rally Championship for Drivers and Co-Drivers
FIA World Rally Championship for Manufacturers
FIA World Rally Championship for Teams

FIA WRC2 Championship for Drivers and Co-Drivers
FIA WRC2 Challenger Championship for Drivers and Co-Drivers
FIA WRC2 Championship for Teams

FIA WRC3 Championship for Drivers and Co-Drivers

FIA WRC Master Cup for Drivers and Co-Drivers

4.1.1 Other Titles for which the Rally counts

COPEC RallyMobil Chilean National Championship for Drivers and Co-Drivers

4.2. Entry Procedure

Closing date and time for entries is Tuesday, 12 August at 23.59 CET (17:59 CLT)

Those wishing to take part in Rally Chile BIOBÍO 2025 must register and fill in the electronic entry form published at <https://registrations.fia.com/wrcch> duly completed before the closing date for entries.

Please note that the FIA registration platform requires a user ID and a password to access the entry system. The entry will only be accepted if accompanied by the total amount of the entry fee. To be accepted, competitors must send a proof of payment of the entry fee by e-mail to the secretary of the rally (eberrios@rallychilebiobio.com) by the closing date of entries. Foreign drivers must submit an approval from their ASN.

Referring to Art 6.2.1 and Art 6.3.1 of the 2025 FIA WRC Sporting Regulations, the drivers willing to score points in WRC2 or WRC3 Championship must register with the FIA before the closing date of entries of the first rally entered.

4.3 Entry Fees

Manufacturers, other WRC cars and competitors in the Support Championships

Entry fees for Manufacturers, WRC Teams and competitors in all WRC Support Championships (i.e. WRC2, WRC3 as defined in the 2025 FIA WRC Sporting Regulations) are waived from the WRC Rally Chile BIOBÍO 2025.

Entry fees for non-priority competitors are also waived from the WRC Rally Chile BIOBÍO 2025.

For drivers registered in the COPEC RallyMobil Championship the entry fee will be 9 UF + VAT

If a competitor wishes to decline Organiser's optional advertising a charge of €2,000 will apply. This applies also to any competitor entered in class RC1 if not Manufacturer or WRC Team.

Participation in reconnaissance only € 1.500

4.3. Entry Packages

The entry packages for FIA registered teams (Manufacturers, WRC Teams, RC1 cars and Support Championship entries - WRC2 and WRC3) as stipulated by the Appendix VI of 2025 FIA WRC Sporting Regulations.

Entry packages for Non-Priority registered Teams:

Vehicle plates

Passes	
Service passes	6
Driver passes	2
Administration	
Supplementary Regulations	Available at www.rallychilebiobio.com
Route Maps	1
Road Book	1
Official Programme	1
Rally Guide 1 and 2	Available at www.rallychilebiobio.com
Service area size	
Service Park area for Rally2	100 m ²
Service Park area for Rally3, Rally4, Rally5, RGT	80 m ²
Additional materials	
Additional Auxiliary plate	€ 250 excl 19% VAT
Extra set of Roadbooks	€ 80 excl 19% VAT

4.4. Payment Details

The entry fee must be paid by Swift bank transfer to following bank account:

Account holders name: Felipe Horta Producciones Limitada
Address: Camino El Cerro 4843, Huechuraba, Santiago, Chile
Account number: 562238068
Euros account number: 113195061
Bank name: Banco de Chile, Of. Central
Bank address: Ahumada 251, Santiago, Chile
SWIFT/BIC code: BCHICLRM

- The payment must include all charges involved with the transfer.
- Please ensure that the “**last name**” of the driver and “**CHL2025 Entry Fee**” are included as a reference on the bank transfer document.
- The full payment of the entry fee must be on the Organisers bank account before the closing date for entries. No entry will be accepted without the full payment.

Competitors who wish to receive an invoice for the entry fee should send their request to finance@rallychilebiobio.com before 05 September 2025.

5. SERVICE PARK

5.1. General Information

Location GPS coordinates: 36°46'32.3"S 73°04'24.1"W

Service park is located in the MDS Hotel and Casino, the surface is tarmac.

Service Park Manager

Claudio Strika

E-mail: servicepark@rallychilebiobio.com

5.2. Access to Service Park

Exemptions could be agreed with Service Park Manager.

Please contact the Service Park Manager for direction to your allocated service area.

Access

Only vehicles with Team plates issued by the Organiser are allowed to access the Service Park. The vehicles must be clearly identified by designated car pass affixed on the windscreen. Removal of the sticker is prohibited until the end of the rally.

Closing

All service buildings, tents, cars, trailers etc must be removed from the Service Park area:

- (Manufacturers teams) by Monday, 15 September at 07.00
- Rest of the Service Park (all other teams) by Monday, 15 September at 12.00

5.3. Service Area

- Manufacturers and WRC Teams entered to the FIA WRC will have their designated areas in the Service Park according to the Championship Regulations.

Cost for additional service space in Service Park area is 30 € + VAT 19% /m² = 35.7 €/m².

All additional space requests are subject to availability and organiser agreement. The organiser cannot guarantee any service space exceeding those given above and in the FIA WRC Sporting Regulations, Appendix VI.

If a competitor has multiple entries to be located together in Service Park, the application for consecutive Service Areas must reach the Organiser by Thursday, 14 August.

The layout of Service Park displaying service space designated to each competitor will be published in the Competitors section on www.rallychilebiobio.com and on Sportity application.

5.3.1 Traffic Movement

The traffic flow direction shown on the Service Park layout must be always respected by competitors and their service / auxiliary vehicles.

5.3.2 Parking

During the rally, only vehicles with Service and Auxiliary passes will be permitted to access the service park. Auxiliary vehicles may only enter the service park to bring or collect personnel and/ or equipment and only while no competition cars in the service park. Due to the restricted space in the Service Park, Non-priority entries will not be given any auxiliary plates. All trailers and tractor units must be removed to the dedicated truck parking area outside the Service Park.

There will be dedicated car parks for Auxiliary, Media, and Officials.

5.3.3 Power Generators

Generators are permitted in the Service Park however these must be super silent diesel or LPG. Generators must be fenced off to restrict access to competent personnel only.

5.3.4 Restrictions

It is forbidden under any circumstances to drill holes in the surface of the Service Park. Teams and competitors are asked to bring weights for tents and other items that need to be fastened.

5.4. Facilities at Service Park

Following facilities will be provided at various points around the service park as per FIA WRC Sporting Regulations, Appendix VI.

- Public toilets
- Waste containers and selective collection
- General lighting
- General security
- Car wash (Located outside the Service Park)

Following paid services can be ordered from the Organisers by using the order form available in Competitors > Documents section on the website: www.rallychilebiobio.com

- Additional service space (if available)
- Power supply
- Portable toilets at team service area (Priority competitors as per WRC Regulations)

- Waste removal
- Private water supply if available
- Additional security services
- Forklift and scissors lift rental
- Crowd barriers / fencing

5.5. Environmental Requirements

Washing

A car wash facility will be available near the Service Park. Washing cars inside the Service Park is prohibited at any time. Wheels and other parts may be washed in the designated wash bays set up within the Service Park.

Groundsheet

All competitors must put in place a suitable size plastic groundsheet to cover the whole area where service work is being carried out. This groundsheet must be impervious to all fluids. Cleaning of the groundsheets must be done so that no materials are allowed to encounter the ground surface.

Recycling and Waste

For environmental reasons, all competitors are kindly asked to use the recycling areas arranged at the Service Park for waste. It is forbidden to spill any oil or wastewater on the ground in the Service Park. A special container for hazardous waste will be available in the Service Park.

Before leaving the Service Park after the rally (or possible retirement) each team must report to the Service Park Co-ordinator, who will check that their allocated area has been left in good condition.

5.6. Security

Starting from Sunday 07 September until Monday 15 September, Service Park will be open 24h with overnight security provided by the Organiser from 22.00 until 07.00.

However, the Organisers are not responsible for any losses, thefts, or damages etc – all items are left at their owner's risk.

If you require any additional private security on site, please contact the Service Park Manager.

5.7. Medical Care

A medical unit will be established in the Service Park.

5.8. Recovery of the Retired Cars

In agreement with the team representative all retired cars will be transported by the Organiser from the special stage to the nearest access point. Tow truck must be paid in Chilean pesos by the team representative. The Organiser will then contact the team representative for further agreements.

6. TWO-WAY RADIO COMMUNICATION

6.1. Application Procedure

The Chilean Ministry of Telecommunications controls the use of frequencies in Chile and ensures that enough frequencies are equally available to ensure that all users can operate in a cooperative and legal manner.

More details on the radio license application can be found in <https://www.subtel.gob.cl/concesiones-y-permisos/>

6.2. Contact Details

Address: Amunategui N° 139, Santiago,
Chile Tel: +56 225 888 000
E-mail: oirs@subtel.gob.cl
Website: <https://www.subtel.gob.cl>

7. IMPORT OF VEHICLES AND SPARE PARTS

7.1. Competitors from Chile

Competitors coming from Chile do not need to make any special custom clearance for the temporary import of cars and equipment with the purpose to participate in Rally Chile BIOBÍO 2025.

7.2. Competitors from outside of Chile

If you are importing the rally car, service vans, and/or spare parts/equipment from outside of Chile you must report to customs at arrival in Chile. Please contact the Customs authority in Chile in advance.

7.3. Custom Agents

Impeco France

Address: 14 Rue Orange, 63118 Cebazat,
France Contact: Jose Antunes
Tel: +33 6 82 55 09 99
E-mail: jose@impeco.fr
Website: www.impeco.fr

Rockit Global Chile

Address: Av Del Cóndor 600 of 14, Huechuraba, Santiago,
Chile Contact: Alicia Mayer
Tel: +569 90783719
E-mail: alicia.mayer@rockit.global
Website: www.rockit.global

8. HELICOPTERS AND DRONES

8.1. General

Only helicopters from the organisation are allowed to overfly the event area to guarantee the safety of the competitors and spectators and live TV coverage.

Commercial helicopter flights are not authorised within the event area during Rally Chile BIOBÍO 2025 and landing in the neighbourhood of the special stages except when a waiver is given by the organisers.

Following FIA and WRC Promoter guidelines on helicopter use, all helicopters flying in support of the Rally must be registered with the organiser.

Helicopter Company

HELICÓPTEROS DEL PACÍFICO LTDA
Address: Kilómetro 17,5 Ruta S-30 Temuco,
Chile Contact: Carlos Barrie
Tel: +56984585465

E-mail: ops@helicopterosdelpacifico.com
Website: www.helicopterosdelpacifico.com

8.2. Drones

No drones are permitted to fly within the event area during Rally Chile BIOBÍO 2025, except those authorised for live TV coverage.

8.3. Registration and Briefing

The organiser of Rally Chile BIOBÍO will be working in close co-operation with the Chilean Civil Aviation Authorities. Pilots from event partner helicopters will have to pre-register with the Organiser and be present for the Pilots Briefing held on Wednesday, 10 September 2025 at 14.00 via Zoom Video conference.

The registration form which will be sent upon request to Claudio MORA claudio1798@icloud.com

9. HOSPITALITY ARRANGEMENTS

The organiser will have VIP hospitality packages.

For hospitality requirements please contact Colomba Horta colomba.horta@hortaproducciones.cl for further details.

10. HOTEL AND ACCOMMODATION

Organiser has pre-booked list of hotels and other accommodation facilities in Concepción town and its surroundings for teams and competitors.

For accommodation reservations please send your request on time to accommodation@rallychilebiobio.com

11. MEDIA:

11.1. Contact Details before the Rally

FIA Media Delegate	Richard Rodgers Tel: +44 7503871575 e-mail: rrogers-consultant@fia.com
National Press Officer	Juan Cruz Mathus Tel: +54 93516781332 e-mail: jcmathus@rallychilebiobio.com

11.2. Accreditation Procedure – Criteria and Deadlines

The accreditation guidelines and criteria will be published on the Rally Chile BIOBÍO website:

www.rallychilebiobio.com

Please read the following guidelines carefully and make sure all the information requested is supplied with your accreditation application and it is posted to the appropriate address.

Failure to supply the requested information, or to sign the disclaimer, will delay the processing of your application.

Accreditation provides access to the Media Centre and Media zones as well as the Special Stages.

News and information can be supplied free of charge before, during and after the rally to journalists and publications who are unable to attend or do not qualify for accreditation.

If you need help with your application, please contact the National Press Officer (contacts above).

13. LIST OF USEFUL FACTS AND SERVICES

13.1. Information about Concepción

Official name:	Concepción
Location:	BIOBÍO Region
Population:	239.776 (Statistics from 2024)
Official language:	Spanish
Currency:	Chilean pesos (CLP)
Area:	222 km ²
Land boundaries:	The city is in the Southern Hemisphere in South America, at 36° 46'22" S latitude and 73° 39'47" W longitude, with the average elevation of 12 masl, in the Valle de la Mocha, between the coastal plains and the coastal range. It is located in the extreme south of the central zone of Chile, in the geographic centre of the country. The city is geographically bordered by two important rivers: The BIOBÍO river to the west and the Andalién river to the north.
Time zone:	UTC-4 (CLT) Summer (DST) UTC-3 (CLST)
Sunrise:	08 September 2025 at 07.56
Sunset:	08 September 2025 at 19.50

Climate:

The climate of Concepción is classified as "Cool-Summer Mediterranean" climate. The cool waters of the Pacific Ocean help to maintain mild temperatures throughout the year. In the six-month period between May and October, the city receives approximately 83% of its total annual precipitation, whilst all months from November to April have been rainless on occasions. Summer season is dry and no temperatures above 22 degrees. The maritime cooling brings much cooler temperatures than nearby inland areas.

Average temperatures during September and October are 7 degrees minimum and 17 degrees maximum approximately.

Water:

The tap water is safe to drink.

Electricity:

The electric supply is 220 volts. Plugs and sockets are of a two-pin design.

Telephones:

The International prefix for outgoing calls is 00 or + country code.

The International prefix for incoming calls is +56, then delete the leading 0 in the area code.

Smoking:

Smoking is not permitted by law in enclosed public and workplaces.

Air travel

Airport	Distance to Rally HQ
Aeropuerto Carriel Sur de Talcahuano	6,8 km

13.2 Driving in Chile

Motorway tolls

We have motorway tolls in Chile, they must be paid in **CASH ONLY, Rally cars included (carry always at least \$20.000 Chilean pesos daily).**

If you are driving a rental car, a toll device might be included.

Traffic rules

Drive on the right and overtake on the left-hand side of the road.

The driver and all passengers are required to always use front and rear seat belts.

It is illegal to use a hand-held mobile phone whilst driving.

The blood/alcohol limit in Chile is 0 mg. The police have the power to carry out random alcohol tests on drivers at any time and a blood sample will be taken if a driver refuses a breathalyser test.

It is compulsory to have a fluorescent vest in the car.

It is compulsory to carry 2 red reflective triangle which, in the event of the car stopping, must be placed in a conspicuous position, in order to warn following drivers.

Speed limits

Except where a lower speed limit is indicated, the maximum speed limits in Chile are:

Urban areas: 50 km/h

Dual carriageway with motorway characteristics: 100 / 120 km/h

Motorway: 120 km/h

Exceeding the maximum speed limits may result in addition to a cash sanction the withdrawal of the driving licence.

The driver in the wrong is considered as the only responsible of the infringement(s)
